

Analyst Profile

Name: Mike Small

Occupation: Senior Analyst

Location: Stockport / UK

Experience: 40 years in IT industry

Mike Small has been Senior Analyst at KuppingerCole since more than 4 years and mainly focusses on security and risk management in the Cloud. He has a first class honours degree in engineering from Brunel University. Until 2009, he worked for CA (now CA Technologies Inc.) where he developed the identity and access management strategy for distributed systems. This strategy led to the developments and acquisitions that contributed to CA's IAM product line. At KuppingerCole he covers the topics Cloud Provider Selection and Assurance, Information Security Program Maturity Assessments, Information Stewardship as well as Big Data.

Roles & Responsibilities:
